

魔王城 おやすみ

Demon
King
Castle...

At the
ends of
the Earth,

Even
with the
kotatsu, my
stomach is
freezing
...

the season
brings a
cold wind
to the
Princess...

To signify
the battle
on the
frontlines,

It's okay...
For seasons
like these,
I have a
heartening,
invincible
item-

But!

are at
home

!!!

My knitted wool panties

おやすみ

The 29th Night: Princess' Panties are Good Panties

There's
no way
Demon King
Castle would
have such a
sensible
thing!

That's
right... I've
been here
since I was
kidnapped

...A
knitted
wool-

It
must be
something
dangerous
again,
right...?

OH?
What
are you
making
today?

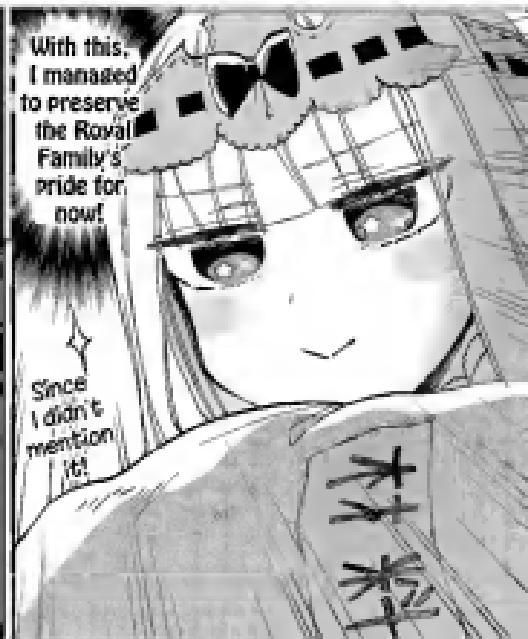

Princess~
I've come
to retrieve
your dishes~

It's
come to
this, then
I have no
choice but
to make
one~

I've got
materials
...

Note: The label on her sack says "Materials."

TL Note: In Japanese, the SFX for clapping is "pan," and putting two fingers up means "two," which sounds like "tsu."

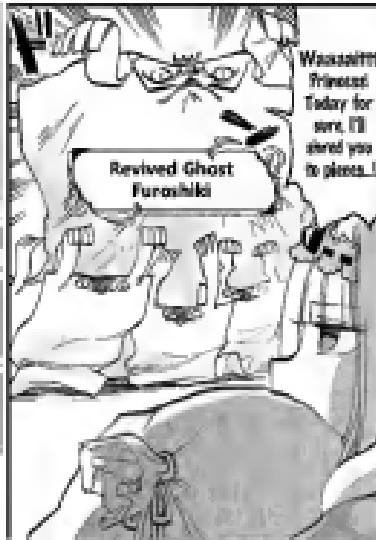

I'm sure of it...
She was
communicating
with space!

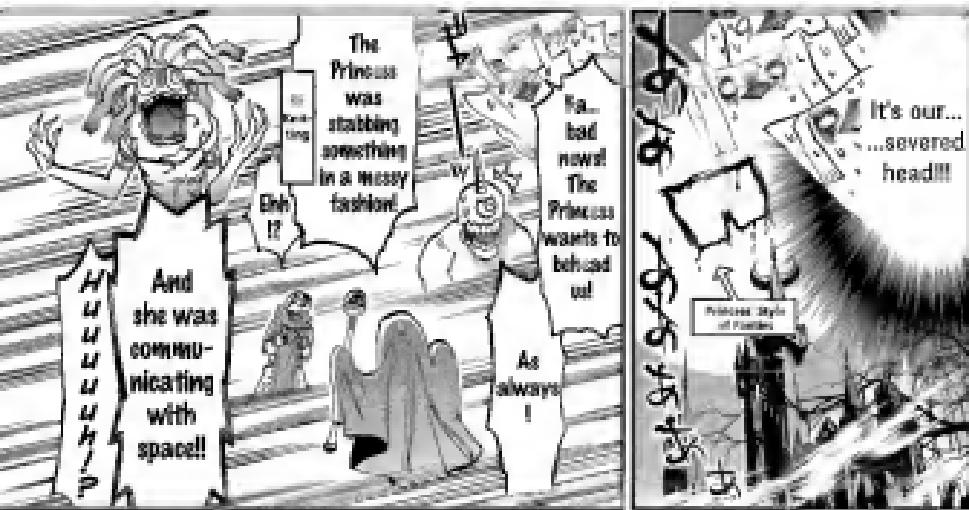

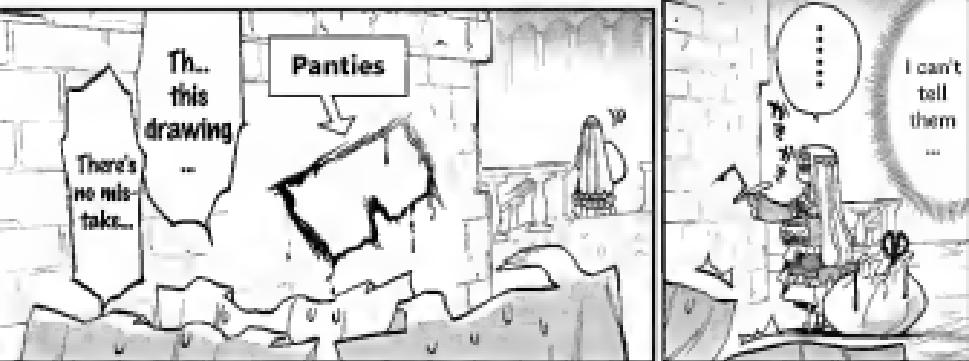

Do you
know what
she said,
Midoum
?

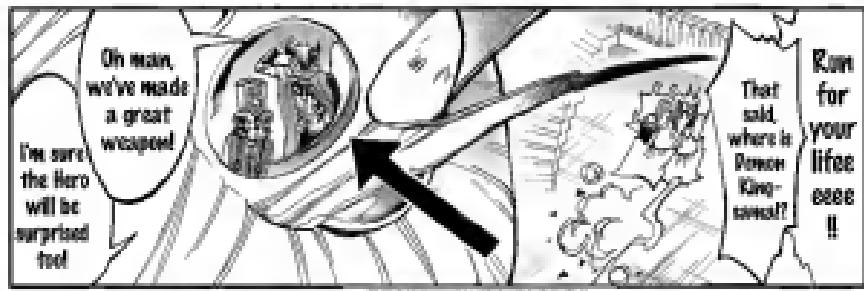

I'll make
this into
a ribbon
for my
panties.

a
maiden's
panties
are in a
sacred
location

....!!

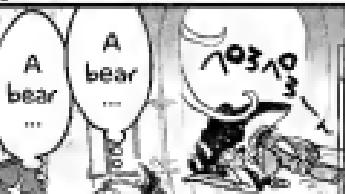

It's also
because
even if
they are
knitted wool
panties...!

Got
it!!!?

my
stomach
feels
warm...

Ahh...
Even with
the wind
blowing,

10

continued
on until the
peaceful two
found the
Princess
sleeping with
her panties
showing.

Demon
King
Castle's
high alert
status...

Don't
break
our line
forward!

We don't
know when
the Princess
will come
for you!

After-
words.
